

## INVESTMENT OBJECTIVE

The Contrarius BCI SA Equity Fund is a domestic general equity portfolio that aims to provide long-term capital growth for investors.

## INVESTMENT POLICY

The portfolio aims to achieve its objective by employing a valuation-based, contrarian investment philosophy to identify and invest in South African securities that are undervalued relative to their assessed intrinsic value. The portfolio's net equity exposure will be a minimum of 80% of the portfolio's net asset value. The portfolio may comprise a combination of South African equity and non-equity securities, including shares, preference shares, exchange depository receipts, property shares and property related securities, convertible equities, debentures, notes and exchange traded funds as well as assets in liquid form. The portfolio may invest in participatory interests and other form of participation in portfolios of South African collective investment schemes as the Act may allow. The portfolio may from time to time invest in listed and unlisted financial instruments.

## RISK PROFILE

### High Risk

- This portfolio has a high exposure to equities and therefore tends to be more volatile than most other portfolios.
- Expected potential long-term returns are high, but the risk of potential capital losses is high as well, especially over shorter periods.
- Where the asset allocation contained in this MDD reflect offshore exposure, the portfolio is exposed to currency risks.
- Therefore, it is suitable for long term investment horizons.

INFORMATION AND DISCLOSURES

**Risks**

Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors. Where foreign securities are included in the portfolio there may be additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information.

**PROJECTED TOTAL EXPENSE RATIO (TER)**

Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The prior year ("PY") TER and Transaction cost calculations are based upon the portfolio's direct costs for the financial year ended 31 December 2024, whilst the underlying portfolios' ratio and cost calculations are based upon their most recent published figures, being 31 December 2024.

**Effective Annual Cost:**

Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost ("EAC"). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at [www.bcis.co.za](http://www.bcis.co.za). BCI calculates the EAC as per the ASISA standard for a period of 3 years up till the most recent TER reporting period.

**#Monthly Fixed Admin Fee:** R15 excl. VAT which will apply to all direct investor accounts with balances of less than R100 000 at month end, unless an investor transacts online, in which case no such fee will be levied.
